**COMBINATION BIBLE & WORLD HISTORY TIME LINE AIDS STUDENTS,
TEACHERS, FACT CHECKERS**

Los Angeles, CA (January 5, 2007) The new *Rose Book of Bible and Christian History Time Lines* compares more than 6,000 years of Bible and world history at a glance. The 20-foot time line can be read as a book or hung on the wall.

The time line, produced by Rose Publishing and researched by experts on Christian and world history, appeals to history buffs, students, teachers and fact checkers. Anyone who learns more easily visually will appreciate the hundreds of colorful photos and illustrations.

The time line begins with Genesis and continues on to modern day, showing Bible history and world history side by side. More than 1,000 key people and events are featured throughout the time line. For example:

- the first recorded Olympic games were held at the time of Jonah, and
- indoor bathroom plumbing was first used in Crete in 2000 BC, about the time of Abraham.

According to Gretchen Goldsmith, president of Rose Publishing, "By showing 6,000 years of history in time line form, the book appeals to people who want to see history and understand it instantly. In this time line, Bible history comes to life! It combines what we learned in high school history with what we learned in Sunday school. The visual format will even be a help today's middle school and high school students who have attention deficit problems," Goldsmith said.

-2-

The time line offers many interesting comparisons. For example:

- Buddha in India and Confucius in China lived at the same time as the prophet Daniel in the Bible;
- Cleopatra ruled Egypt just 30 years before Jesus was born;
- The Shang Dynasty in China flourished at the time of the Exodus--when the children of Israel left Egypt, and
- Mount Vesuvius erupted and buried Pompeii during Apostle John's life.

The Rose Book of Bible & Christian History Time Lines is available for \$29.99; for more information visit online: www.rose-publishing.com or call: **(800) 532-4278**.

Rose Publishing was established in 1991 by a Sunday school teacher and a public school teacher who needed high quality, well researched Bible charts, maps and time lines. The company is known for colorful charts, maps, and other visuals written or researched by expert authors and professors from renowned colleges, theological seminaries and Bible societies.
